Dear Sir:

Health and Safety Pre-qualification Assessment – Contractors Health and Safety (CHAS) Assessment Scheme

As an accredited assessor I have now completed my assessment of your application. You will recall you were required to respond to a number of health and safety questions that were used to complete my assessment of your basic understanding of health and safety principles.

I am pleased to inform you that I have assessed your application as compliant, and you are now a CHAS registered contractor. You should not take compliance within the CHAS scheme as an automatic right of entry to a member approved or select list. Members have the right to ask for additional H&S information on future applications or at invitation to tender.

We do not issue a certificate of "CHAS Compliance" as this could, in certain circumstances lead to abuse of our copyright and loss of revenue. You are welcome to tell clients you have been assessed as compliant by CHAS but they will need to seek confirmation through the scheme manager.

If you feel you would like your company to have a "Certificate of Accreditation" (and become a Chas Accredited Contractor) with a CHAS Certificate of License for the use of the logo on livery and stationery, you should visit the CHAS website www.chas.gov.uk for further details and highlight "*What is Accreditation? (Please note that this will require a commitment to an annual CHAS assessment)*"

One of the aims of our scheme is to reduce unnecessary duplication. In the event your company is asked to complete a CHAS or similar questionnaire by one of our members (list is available on the web site) please contact them before completing that application to verify what is required.

Please visit the CHAS website for any further information about the scheme.

Yours faithfully,

A handwritten signature in black ink that reads 'Rod Allinson'.

Rod Allinson
Safety Consultant
Accredited CHAS Assessor
